Answer the following according to your selected program. (If you choose both programs, please kindly answer all these questions.)

The Summer School:

How The Summer School Program will support your further career:

Have you ever participated in a Hackathon? If yes, provide details. If no, kindly share if you have any programming skills or experiences.

The Spatial Exchange Program

How The Spatial Exchange Program will support your further career:

Please select your preferred theme to participate in:

- Field Methods in Sustainability Science: Mapping using UAVs
- A Synergistic Approach on Mapping Using Remote Sensing and GIS
- Communicating Science: How Can Maps Tell Stories?
- Geo-Bigdata for disaster management

As a student/young researcher, what activities do you expect in the Spatial Exchange Program? Please choose 2 from these choices: (1) Research writing, (2) Mentorship, (3) Science communication and (4) Establishing professional networks. Briefly elaborate on your answers.

What topic are you interested in the specified themes above?

Please fill-in this registration form and send it to the following email addresses:

ISPRS SC sc@isprs.org and CC to GISTDA ARTSA artsa@gistda.or.th

International applicants who require VISA to enter Thailand should send the registration by **June 30, 2018**, so that you get the visa in time and be able to book cheap flights.

International applicants who are VISA exempt and Thai applicants should send the registration **the latest by July 15, 2018**. Please visit this website for VISA exempt countries: <http://www.thaiembassy.com/thailand/changes-visa-exempt.php>.

For International Participants: To ensure that registered persons will really attend the summer school, we need a **letter from your superior** of your organization/company stating that your travel costs will be covered. This should be sent **together with your registration**, again preferably by email.
